SKILLS

I am proficient in several Adobe programs and HTML/CSS coding. I have created logos in Illustrator, prototype designs in XD, websites using Dreamweaver, and extraordinary compositions in Photoshop.

WORK EXPERIENCE

CREW - MCDONALDS

From July 2018 – May 2021

I worked in the kitchen as a McDonalds crew member.

DELIVERY DRIVER – MARKS PIZZARIA

From August 2021 - current

I am a delivery driver at Marks in Walworth.

EDUCATION

HIGHSCHOOL DEGREE – JUNE 2020

P-Tech / Gananda Highschool

P-Tech is an early college high school where you can earn double credits in your courses (high school and college credit). Then we move on to FLCC where we finish our associates degree. My experiences at P-Tech prepared me for college life. The pandemic hit my senior year but I still had many great experiences there.

A.S WEB AND MOBILE DEVELOPMENT – MAY 2022

Fingerlakes Community College

FLCC is the community college I attended while earning my associates degree in Web and Mobile Development. The professors I have had over the past couple years are outstanding. I learned so much about who I am and who I want to be, I accredit that to them.
